

Press Release

Eclipse-City Ltd, the Government of Xinjiang (China) and China Comfort Travel engage in a cooperation agreement to jointly and exclusively host and manage the "Total Solar Eclipse Event" that will pass by the territory of the "Autonomous Uyghur Province of Xinjiang" on August 1 2008, just one week prior to the Summer Olympic Games to be held in Beijing.

Federico Avellán Borgmeyer (Founder and Managing Director Eclipse-City Ltd.), Mr. Mr. Wang Yucheng (Vice General Director form Xinjiang's Tourism Bureau) and Mme. Suo Yile (Director China Comfort Travel, Urumqi Branch in Xinjiang) have signed the cooperation agreement to work together very closely over the next 18 months to make this event a complete success.

Eclipse-City Ltd is the world leader in solar eclipse event management, taking "eclipse-chasers", scientists, incentive travelers, students, newly weds, entrepreneurs and professionals of all kind, as well as heads of state and managers from larger organizations from all over the world, to the point of best eclipse experiencing, into regions that can be as remote as the Antarctic Continent, The Libyan Desert, The South Pacific, or now, coming up in 2008, to Siberia's Steppe or China's Silk Road.

The Government of Xinjiang represents the largest political subdivision of China. It accounts for more than one sixth of China's total territory and a quarter of its boundary length. It is divided into two basins by Mount Tianshan. Dzungarian Basin is in the north, and Tarim Basin is in the south. Xinjiang's lowest point is the Turfan Depression, 155 meters below sea level (second lowest in the world). Its highest peak, K2, is 8,611 meters above sea level, on the border with Kashmir.

China Comfort Travel is amongst China's Top incoming tour operators, with headquarter in Beijing and branches in all major Chinese cities.

Some 1.500 - 2.000 international travelers will be there with Eclipse-City and China Comfort Travel experiencing this event, which will be accompanied by some additional 2-3 Million local and 0,5 - 1,5 Billion people, who will join the event via Satellite TV or any other broadcast and communications media organized by Eclipse-City and/or its partners.
